

Safety looks different from up here

As a market leader working at height for over 50 years, we aim to make our workers as safe as possible. Convinced by the advantages of safety nets, we've established our own safety net division to carry out supply and installation to the highest recognised standards.

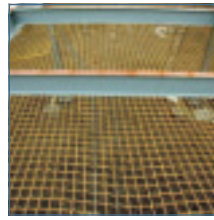

Now this high quality, cost effective safety net service is available to you.

RICHARD LEES STEEL DECKING

SAFETY NET DIVISION

If you're looking for the kind of effectiveness that can help you **save lives** and **improve safety on site**, talk to us. Or, if you're on a construction project with us, why not take a look at our **safety net service at work**.
